

FOR PART 135 OPERATORS

Fly the trips. Flyn handles the rest.

Big fleet or small, the trip is rarely the hard part. The calls, emails and follow-ups around it are. Flyn takes them on, so dispatch, sales and the cockpit can focus on flying and on customers.

FREE FOR EVERY OPERATOR

QUOTING

Quotes in minutes

Build, price and send quotes from one place. Requests from the marketplace land here too.

TRIP MANAGEMENT

Every trip in one view

Legs, crew, passengers, documents and status, shared with everyone who needs it.

MARKETPLACE

More requests, more bids

See open trip requests from brokers and customers and bid on the ones that fit your fleet.

EMPTY LEGS

Fill the repositioning

Post empty legs and fleet availability so they reach buyers before they fly empty.

WHAT FLYN DOES FOR YOUR OPERATION
